

# PENTECOST

An offer to become more than an average Catholic ...

## ‘We are on a mission from God!’

### What does that mean to you?

Jesus showed us how to live our lives.

Jesus showed us that we need to forgive, serve, be aware of others needs and above all **love** one another.

Jesus showed us that we need to take time to pray; alone and with others.

This is how we live the mission from God and how we continue the work that Jesus began.

1

Think of someone in your life who you need to forgive. Pray for them each day this week.

### YOU AS A SAINT ... MEANS PUTTING GOD'S WILL FIRST!

If you are too comfortable in your everyday life, stop and take a look in the mirror. As Catholics we are called EVERYDAY to live lives that reflect the gospel values. Take a very close look at what you take for granted around you, friends, family, a peaceful neighbourhood, food on the table, the clothes you wear. Are you grateful for these things? Are there people around you that don't have what they need to live a life where they can flourish? Do you take your environment for granted? These questions make us feel uncomfortable, but with the Holy Spirit as a guide we are able to make a difference, to make a change!! God has gifted each of us a part to play in the kingdom ... look in the mirror what is yours? What is your mission?
